SVP Springfield Furniture Bank

What we do

Providing Furniture to those without

We provide furniture to those without. We help nearly 1,500 people a year, many of whom are moving into a unfurnished property with very little—no beds, no cooker, no washing machine, no fridge, curtains or furniture. Beneficiaries have often experienced a crisis—fled Domestic abuse, family breakdown, or were homeless. Referrals are received from Social Services, Chelmsford Foodbank, Housing Associations, Peabody, Social Prescribers, Essex Child & Family Wellbeing, Schools, etc.

SVP Springfield Furniture Bank is reliant upon donations of furniture, appliances and household items. The majority of our items are second hand, all checked and electrical safety tested where needed.

Volunteer run

Our project is mainly run by Volunteers who do everything from driving the van to testing the electricals.

We have a part time member of staff who answers the phone Tuesday-Thursday 9am-1pm.

Support us

If you'd like to support our work financially, please find a link to our JustGiving page below.
www.justgiving.com/svpspringfield

Donation based

In addition to the items we provide second hand we are lucky to partner with Acts435 to be able to provide items such as Cookers and Carpets brand new, funded by Acts435 Christian Crowdfunding website.

Although most of the furniture we provide is preloved, the projects costs money to run:

- Our van maintenance and running costs—enabling us to collect and deliver
- Our storage—allowing us to have the furniture ready for when it is needed
- Our member of Staff—allowing us to react promptly and with time and compassion
